## INDEX TO PHOTOGRAPHS

Jet Propulsion Laboratory Edwards Facility, HAER No. CA-163-AA  
Igniter Magazine (Building 4261/E-62)  
Edwards Air Force Base  
Boron Vicinity  
Kern County  
California

### Photographers' Credits:

Credit BG: Brian Grogan, Photography & Preservation  
Associates, Inc., September 1995

**CA-163-AA-1** Credit BG. View shows north and west sides of structure as seen when looking east southeast (124°). The thick walls of this building are solid concrete, and the rooms are isolated from each other. The magazine is rated for a maximum of 100 pounds (45.4 Kg) of class 1.1 materials, and two personnel. Handles, attached to walls next to door handles, are static electric discharge points for personnel to touch before entering magazine doors. Note the lightning rods on roof corners and the exterior electrical system for interior lighting.
